

**Verige Škorpio d.o.o. PREDDVOR; SLOVENIJA**

**TRACTOR CHAIN L** was constructed mainly for agricultural tractors. It has a ladder net and is suitable for a ride on snow, mud, loam or sand. The chain is fitted by a special tensioning chain. The material used and the heat-treatment provide high quality and a long service life.

**SIZE PROGRAMME:**

10,00-12	17,00-32
7,50-20	7,50-16
14,00-24	11,2/10-24
14,00-28	8,00-28
8,40-15	11,00-38
9,50-20	8,25-16
16,00-24	11,25-24
14,9/13-30	10,00-28
215-380	7,50-18
8,00-24	12,4/11-24
17,50-25	11,00-28
11,00-32	10,00-18
6,00-16	13,00-24
9,00-24	13,00-28
18,00-25	

*Chains for other tyre sizes to order.*

**TRACTOR CHAIN X** is an improved tractor chain. The net construction is in the form of X, it prevents side-slipping and enables a good grip of the wheels on the ground. This type of chain makes the ride quiet and safe on snow, mud, loam or sand. Suitable also for light forestry applications.

**SIZE PROGRAMME:**

10,00-12	7,50-20	14,00-24	14,00-28
8,40-15	9,50-20	16,00-24	14,9/13-30
215-380	8,00-24	17,50-25	11,00-32
6,00-16	9,00-24	18,00-25	17,00-32
7,50-16	11,2/10-24	8,00-28	11,00-38
8,25-16	11,25-24	10,00-28	
7,50-18	12,4/11-24	11,00-28	
10,00-18	13,00-24	13,00-28	

*Chains for other tyre sizes to order.*
